ENDS IN A TRAGEDY

Romance of Young Couple Culminates in New York.

AFTER FIVE-YEARS' SEARCH

Young Man Finds the Girl He Loves, Marries Her and Then Kills His Wife and Himself—St. Paul Man Commits Suicide.

New York, Aug. 22.—After a search that lasted five years and covered 15,000 miles on two continents, Julius Teich found the girl he loved and persuaded her to marry him, only to kill her in a fit of anger after two months of wedded life and then, repentant, to take his own life.

Pistol shots aroused the occupants of the apartment house in West One Hundred and Twenty-sixth street where Teich and his bride lived and when the police broke into the flat they found Teich and his wife unconscious. Both died within a few minutes.

Emily Herter lived in Germany with her parents when she first met Teich, who was a silk weaver. Teich was possessed of a violent temper and Emily feared to marry him. Her parents also objected. But Teich was insistent, so the girl left Germany secretly and came to America.

This was five years ago. For two years Teich searched Germany for her. Then her parents admitted that she was in America, but refused to tell him where. Nothing daunted, the young man came to America and renewed his search. He hunted New York for months. Then he went to Minneapolis, St. Louis, Philadelphia and Scranton, where he thought the girl had friends, but without result. He returned to New York a few months ago and accidentally met Emily on the street. She was living with an aunt and in spite of her relatives' objection, Emily consented to marry the man who had been so faithful in his search for her. That was two months ago.

Neighbors say that there was a quarrel in the Teich apartment Wednesday morning because Emily refused to get up to eat the breakfast Julius had prepared. There were sharp words and a pistol shot. Then pleading words for forgiveness from Julius, followed by another shot. Then the police broke in and hurried the unconscious couple to a hospital, where both died.

AFTER BEATING HIS WIFE

St. Paul Man Ends His Life With Acid.

St. Paul, Aug. 22.—After beating and kicking his wife until she was black and blue and almost insensible, Carl Johnson, 459 Superior street, drank a quantity of carbolic acid and died shortly afterward at the city hospital. Coroner A. W. Miller investigated the case and decided that Johnson had deliberately taken his own life. The coroner turned the body over to the family.

Johnson was a stonecutter, but had not been working steadily. It is said that he had been drinking to excess of late and that while under the influence of drink he generally attacked his wife.

Mrs. Johnson had been out working. She returned home in the evening intending to purchase something for the family supper out of the day's wages. Her husband, it is said, began to abuse her and to demand money. Then he began an assault on his wife. When he tired of beating and kicking her he took from his pocket a bottle of carbolic acid. He drank nearly two ounces from the phial and immediately sank to the floor.

A physician was summoned and soon afterwards Johnson was removed to the city hospital in the police ambulance by Dr. W. Maertz. He died soon after reaching the hospital.

Johnson was born in Norway thirty-five years ago. He is survived by his widow and three children, the oldest thirteen years. He was a member of the stonecutters' union.

NATIVES OF INDIA BARRED

Cannot Become Citizens of the United States.

San Francisco, Aug. 22.—United States District Attorney Devlin recently received several applications for naturalization from natives of British India. He asked Attorney General Bonaparte for a ruling and the latter stated that the persons referred to cannot be classed as whites and therefore are ineligible to citizenship.

Jap Spies Arrested.

St. Petersburg, Aug. 22.—Three Japanese belonging to a traveling acrobatic troupe have been arrested at Rostoff-on-the-Don with plans of fortifications and other secret military documents in their possession.

TOTS MEET VIOLENT DEATHS

Son and Grandson Killed Within Twenty-four Hours.

Pitt, Minn., Aug. 22.—A son and a grandson of J. Ferrier of this village have met death by accident, both within the past twenty-four hours, and their son's wife is critically ill from grief.

Mr. and Mrs. J. Ferrier accompanied their guests, Mr. and Mrs. E. Moorhead of Beaudette, to the train, leaving Tennis, their seven-year-old son, asleep and alone in the house. A lighted lamp was left on the table. While the parents were absent the house was set on fire and the flames were seen from the depot. Mr. and Mrs. Ferrier hurried home, where they found the house on fire and on the point of collapsing. Later the charred remains of their little son were found in the ashes. It is supposed that he awoke; missed his parents, and in seeking them knocked the lamp from the table or dropped it, his clothing becoming ignited by the flames.

The next morning the little grandson of J. Ferrier and son of Del Ferrier, aged four years, was out playing on the porch with a glass bottle. The bottle rolled off the porch and fell to the ground, breaking into a number of pieces. The little child attempted to recover the bottle, and in so doing fell, striking part of the broken glass, which punctured his body, making a deep gash. Medical aid was summoned from Beaudette, but the little sufferer only lived a short time.

ROOSEVELT AT OYSTER BAY

President Returns From His Trip to Provincetown, Mass.

Oyster Bay, N. Y., Aug. 22.—The naval yacht Mayflower with President Roosevelt and party on board dropped anchor in Oyster Bay at 5 o'clock Wednesday afternoon. It required five hours longer to make the return trip from Provincetown, Mass., than was anticipated owing to the heavy fog which prevailed during the early morning hours and practically all day. Oyster Bay was reached during a heavy shower. The rain did not last long and the president and party went ashore shortly after the Mayflower came to anchor. The torpedo boats Worden and Hopkins escorted the Mayflower on the return voyage.

The Mayflower made no stops on the trip from Provincetown, but proceeded at low speed on account of the fog. The small islands at the north entrance to Long Island sound were avoided by setting the course south of Block island and then up through Block Island sound.

When the Mayflower came to anchor in Oyster Bay the heavy rain which had been falling for some time suddenly stopped and the president left the ship immediately, the customary salute of twenty-one guns being fired.

DIFFERS WITH TAFT.

Senator Foraker Does Not Agree With War Secretary's Views.

Georgetown, O., Aug. 22.—In his first address after the Columbus speech of Secretary of War Taft, United States Senator Foraker before the chautauqua assembly here discussed his fellow townsman's opinions with which he differed in many particulars.

Quoting freely from the speech of the secretary of war and from his own remarks in the debates in congress, Senator Foraker expressed his opinion on the various public questions discussed by Mr. Taft.

Senator Foraker spoke of his recent public requests that Secretary Taft give a bill of particulars as to his tariff revision views and declared the Columbus speech not sufficiently "luminous on this point."

Senator Foraker called on the secretary to say what in his opinion the chief executive "should do about the defiant nullification of the war amendments to the Constitution involved in such statutes as that passed in Georgia only a few days ago."

ON THE FISHERIES DISPUTE

Premier Bond of New Foundland Refuses to Comment.

St. Johns, N. F., Aug. 22.—Premier Bond and the members of the government refuse to comment on the announcement from London that the West shore fisheries dispute with the United States probably will be submitted to The Hague tribunal. A government newspaper here asserts that Premier Bond suggested arbitration. The opposition press condemns the colonial government for forcing the fisheries question to a point where arbitration is necessary, fearing that the colony will lose.

Frost Damages Crops.

Cando, N. D., Aug. 22.—Another heavy frost has visited this section of the country, doing great damage to late grain and especially to flax, which has just commenced to blossom. All kinds of garden truck have been cut down, and with the exception of potatoes will be almost a total loss. From early reports the frost seems to have gone in streaks and was much harder in some localities than in others.

FORCE IS INADEQUATE

French Commander at Casa Blanca Needs Troops.

SOLDIERS LOSE CONFIDENCE

Those in the Besieged City Convinced That Their Defensive Strength Is Not Great Enough to Resist the Fanatical Tribesmen.

Casa Blanca, Aug. 22.—The arrival Wednesday before this town of three new columns of warring tribesmen, who have joined the fanatics besieging Casa Blanca, has rendered more serious the problem undertaken by France and Spain to "restore order." The new arrivals constitute an imposing opposition to the French force, now wearied with their vigil. The soldiers are convinced that their defensive strength is inadequate. General Drude has had a conference with Admiral Philibert, who telegraphed to Paris that reinforcements are absolutely necessary.

Whenever the men on the cruiser Glorie sight groups of Arabs they open fire on them and during all Tuesday night there was a constant rattle of rifles from French sharpshooters at Arabs who were trying to steal toward the town under cover of darkness.

TO DISLODGE THE ARABS.

General Drude Says He Needs Fifteen Thousand More Men.

Paris, Aug. 22.—A correspondent of the Matin at Casa Blanca says the besiegers are now divided into three camps, the smallest of which contains 4,000 men.

General Drude in an interview declared it was impossible to dislodge the Arabs without 15,000 more men. The intelligence department affirms that each Arab is provided with from 200 to 400 rounds of rifle ammunition.

The government has sent instructions to Oran, Algeria, to dispatch 1,000 men to reinforce the French forces at Casa Blanca. This was decided upon at a conference between Foreign Minister Pichon, War Minister Picquart and Marine Minister Thompson. It was agreed that the presence of more troops was imperative.

No Reinforcements From Spain.

Madrid, Aug. 22.—The situation in Morocco was discussed at Wednesday's cabinet meeting. At the close of the conference a statement was issued saying that no reinforcements would be sent to the Spanish troops now at Casa Blanca.

Going to Casa Blanca.

Oran, Algeria, Aug. 22.—A battalion of Algerian sharpshooters and half a squadron of cavalry were embarked Wednesday on the French transport Vinh Long. Their destination is Casa Blanca.

TWO MEN DROWNED.

Third Member of Minnesota Fishing Party Is Saved.

St. Peter, Minn., Aug. 22.—Two men were drowned and a third barely escaped a similar fate at Lake Emily. A boat capsized and Swen J. Carlson and Peter Almquist, both of this city, tried to swim to the shore and lost their lives. John Johnson, who could not swim, clung to the boat and was saved.

The three men had been fishing in a rowboat and were about to start for the wharf. Carlson stood up in the boat to raise the anchor, and when one of his companions began to move about it was overturned. When they were thrown into the water, Carlson and Almquist swam about ten yards and then sank, death overtaking them when they were not more than 100 feet from safety.

Johnson went down with the others, but he managed to reach the anchor rope and draw himself back to the boat. Twenty minutes after the accident he was seen from a passing launch and when rescued was in a partially unconscious condition, so exhausted by fatigue and exposure that he could not speak.

After stimulants had been administered he managed to tell his rescuers of his two companions, and another party went out in search of them. Both were found by their fish poles, which were tightly clutched in their hands, but it was impossible to resuscitate either.

NO CLUE TO THE THIEVES

Many Secret Service Men Working on Mail Pouch Robbery.

Omaha, Aug. 22.—Absolutely no clue has yet been obtained here as to the perpetrators of the $250,000 mail sack robbery on the Burlington fast mail between Omaha and Denver. Although Burlington railroad officials in Denver, Omaha and Chicago deny that any robbery took place the postoffice officials and postal inspectors at Omaha, the headquarters of this postal division, acknowledge that the registered pouches had been stolen. Every inspector and secret service man in the West is working on the case.

"I never saw such bargains in ribbons"

This is a frequent remark heard in our store since we begain our ribbon sale. We have said that we never offered equal bargains and we are convinced that our patrons are fast recognizing the fact. They are such as can be used for hair ribbons, for fancy work and kindred purposes. The ribbons are displayed on the first floor.

"MICHAEL'S"

A word to our young friends in the embroidery club

Owing to the fact that the class has grown so very large and that we fear that our lack of space will not permit us to accomodate it this winter we shall discontinue the class after October 1st. If any of the members wish to start new prices or wish to finish what they have they should attend the next six meetings diligently.

"MICHAEL'S"

Endorsed By the County

"The most popular remedy in Otsego County, and the best friend of my family," writes Wm. M. Dietz, editor and publisher of the Otsego Journal, Gilbertsville, N. Y., "is Dr. King's New Discovery. It has proved to be an infallible cure for coughs and colds, making short work of the worst of them. We always keep a bottle in the house. I believe it to be the most valuable prescription known for Lung and Throat diseases." Guaranteed to never disappoint the taker, by H. P. Dunn & Co's Drug Store. Price 50c and $1.00. Trial bottle free.

Family Troubles Blamed.

Minneapolis, Aug. 22.—Family troubles of a nature not as yet divulged are believed to have been the cause for the suicide of John Bell of Peru, Ind., whose dead body was found in the woods in Northeast Minneapolis on Tuesday evening. John Davidson of Peru was in Minneapolis and identified the remains. Bell is said to have been a prominent saloonkeeper of Peru.

NOW IS THE TIME

To select your fall suit. We now show the most complete line of the latest and best suit patterns you have ever seen.

Every garment we turn out is made to fit the man we measure for it. No two men are exactly alike and to fit the different figures requires accurate measurements and a good trial-fit and try-on. We take great pains with all our work and will be pleased to show our fall line.

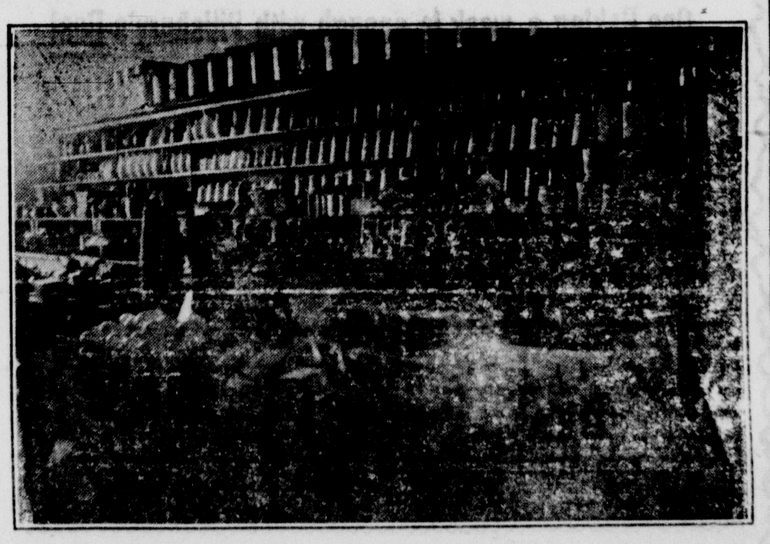
LUKENS' BIG STORE



Section of Our Tinware Department

The next two weeks will be weeks long to be remembered by Bargain Seekers that visit our store. You owe to yourself to make an exceptional effort to visit us. You can obtain staple articles such as you all know the value of, at greatly reduced prices. Crockery, Glass, Tin and Hardware.

5 and 10c Goods a Specialty

The Starch Problem

may be most logically and most satisfactorily solved by always using the genuine Kingsford's Oswego Silver Gloss Starch. It enables the laundress to do the best work with the least effort at the lowest cost. Whatever you wish to starch—whichever way you wish to do it—

KINGSFORD'S OSWEGO

Silver Gloss Starch

is ready without delay, for it may be boiled or used with cold water, dissolving instantly. Truly marvelous for producing a rich, white finish on fine linens, laces, garments and fabrics of every sort. Gives body with just the ideal pliability. The genuine Kingsford Oswego Silver Gloss Starch has been the standard of quality for over half a century.

BEST FOR ALL KINDS OF STARCHING

For general use boil as directed. For light starching unequaled as a cold water starch, requiring no boiling.

Made for over fifty years at Oswego. All grocers, in full weight packages.

T. KINGSFORD & SON, OSWEGO, N. Y.
NATIONAL STARCH COMPANY, SUCCESSORS.

THE DAILY DISPATCH

SUBSCRIPTION RATES

One Month..... Forty Cents
One Year, strictly in advance, Four Dollars

Office in Dressen Building on 6th St., opposite the Post Office.

Entered at the post-office at Brainerd, Minn as second class matter.

THURSDAY, AUGUST 22, 1907.

THE state board of equalization has been called to meet September 3rd.

LIGHT frosts are reported from Morrison and Douglas counties and in North Dakota points.

THE state had no trouble in disposing of its entire twine output to the farmers of Minnesota, and they will now embark in the manufacturing of machinery at the state prison.

ST. CLOUD has passed an ordinance taxing transcient merchants, traders and dealers in bankrupt goods $10 a day and the constitutionality of the same has been attacked.

JOHN D. ROCKEFELLER gets a witness fee of $73 for appearing as a witness against the Standard Oil Co. John does not really need the money but will accept it to help pay travelling expenses.

THE statement of a Colorado judge that women will sell their votes for $15 while the average man will part with his for $2 is probably the reason that office seekers are opposed to women sufferage.

THEY now hunt bears in automobiles at Duluth and yesterday a 300 pounder was killed from one of these machines in the suburbs. It will be some time however before automobile hunting will become popular with real sports. Just imagine deer hunting in northern Minnesota with one of those "red devils."

LOVERS of sport are getting their guns burnished and their dogs under control in anticipation of the chicken season, which opens a week from Sunday. The real sportsman waits for the opening day and takes no chances on being a "sooner." It is sometimes expensive as well as annoying.

"Suffered day and night the torment of itching piles. Nothing helped me until I used Doan's Ointment. It cured me permanently"—Hon. John R. Garrett, Mayor, Girad, Ala. tts

MUSIC AND DRAMA

"Bijou"

The Bijou continues to be the Mecca for throngs nightly. Never before has this popular theatre given programs so varied and alluring. One of the reasons for this, aside from the up-to-date pictures is the musical numbers rendered by Kittie Allen. The splendid bills offered at the Bijou are booming that popular theatre. The week just ended has shown a succession of crowded houses.

***

The Mayor of Tokio

Richard Carle's excellent musical comedy the "Mayor of Tokio" will appear at the opera house on Tuesday, August 27th.

The press every place has quickly and sincerely indorsed the New York impression of the "Mayor of Tokio" as being the best of the season's hits. It is a superior production in all the concomitants of musical comedy. The book tells a capitol and well connected comic story, the lyrics are rhythmical and fanciful and the music in the best vein of those master writers of popular and dainty music, Richard Carle and W. F. Peters. No musical comedy ever seen here gives such generous entertainment as the "Mayor of Tokio." John L. Kearney never had a better role to display his frolicsome humor and nimbleness of action as that of Marcus Orlando Kidder.

***

"Thorns and Orange Blossoms"

The play was produced to a good house at the Brainerd opera house last night. The audience became very enthusiastic for a Brainerd audience over several situations. The parts were all well taken and the play had a well sustained heart interest which held the audience closely from stsrt to finish. The next attraction at the opera house will be the musical comedy, "The Mayor of Tokio," a success which should be greeted with a house crowded to the doors.

Accidents will happen, but the best regulated families keep Dr. Thomas' Electric Oil for such emergencies. It subdues the pain and heals the hurts. tts

FOR REINSTATEMENT.

Every Striker Must Make Individual Application.

Chicago, Aug. 22.—Every telegraph operator who went on strike two weeks ago must make individual application for reinstatement before he will be taken back. This policy of the companies was announced Wednesday. It means not only that there will be no union recognition but that even a committee from the strikers will not be received. The Postal company has prepared a formal contract which every applicant is required to sign. The Western Union is merely requiring each operator to make application as an individual. The contract of the Postal company reads:

"I hereby agree, if given employment by the Postal Telegraph and Cable company, to render full and faithful service at all times, refraining from all agitation and interference with the company's business, and I further agree that I will work carefully and well with every operator be he or she union or nonunion."

President Small of the Telegraphers' union announced that he will be in New York Saturday.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness [caused by catarrh] that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Dancing Academy

PROF. MATHERN, Instructor

WALKER HALL

EVERY TUESDAY EVENING

Classes speak for themselves—actions—not words.

Professor Mathern, formerly representing Pittsburg, Pa's best dancing Academy, offers this rare opportuity for you to connect yourself with the most superior system of correct teaching now in practice. To persons wishing to learn dancing and desiring to learn rapidly and correctly, we guarantee absolute satisfaction.

Those who have failed elsewhere may start here. We guarantee to teach them to dance or accept no fee.

Our methods are based on one thing all the time, that is simplicity. We respect all schools, but we claim, by comparision, that our system is superior. We claim to do the work, actions not words. We profess to be proficient in this line and experienced, and assure our classes patience and civility at all times.

Musicians always in attendance. We teach children society, stage and fancy dancing, and request parents to be present and become convinced for themselves.

Anyone not entirely satisfied we will cheerfully refund tuition at door.

TUITION: Ladies and children 25c: Gentlemen 75c;

Private Class from 7 to 8 p.m. Public Class from 8 to 9 p.m. Social from 9 till 11:30 p.m.

TESTIMONIAL

To whom it may concern:

Prof. Mathern has been in Bismark for some months pasts teaching dancing to bote children and adults, besides giving some pleasing and unique parties. As an instructor Mr. Mathern has no equal in the northwest and while here he has met with remarkable success and earned the good will and appreciation of those attending his classes. We cheerfully recommend him as a teacher and always a perfect gentlemen.

Sincerely,
BISMARK TRIBUNE,
by A. E. Nugent.

PATRICK HAWKINS DIED WEDNESDAY

Former Brainerdite Died After a Short Illness at Hospital in Bemidji

BROUGHT HERE FOR BURIAL

Funeral Will Take Place at St. Francis Church Friday Morning Burial at Evergreen

A telegram was received from Bemidji yesterday bringing the startling intelligence of the death of Patrick Hawkins, for many years a resident of this city.

Mr. Hawkins, who was in charge of Hawkins Brothers' meat market in Bemidji, has been in poor health for some time and went to the Sisters hospital last week but got better and returned to the shop. He was taken with brain fever Monday and was again taken to the hospital where he died shortly after midnight Tuesday night.

His brother James F. Hawkins, who is in Minot, N. D., in charge of a market there, was notified that he was sick and requested to come and take charge of the market at Bemidji so that Patrick could take a rest. He left Minot for Bemidji only to find his brother dead when he reached the latter place. Mr. J.F. Hawkins, accompanied by Mrs. Hawkins came to Brainerd with the body, reaching here today noon.

Mr. and Mrs. Emerson, a sister and brother-in-law of the deceased, arrived from Duluth last night and Mrs. Peter Burns, another sister arrived from St. Paul today. The aged mother, Mrs. Hannah Hawkins, and Miss Elizabeth Hawkins, a sister, reside in this city. Mike Hawkins, a brother, resides in Mandan, N. D., where W. R. Hawkins, another brother died about two weeks ago.

The remains were taken to the residence of Mrs. Hawkins, 421 Second avenue Northeast, direct from the train. The funeral will be held from St. Francis Catholic church tomorrow morning, followed by interment in Evergreen cemetery.

The deceased was a single man about 45 years of age and had lived for many years in Brainerd before going to Bemidji a couple of years ago. He was well known here and had a host of friends in this city who will regret his death.

The death of this son, coming so soon after that of her other son, W. R. Hawkins, has almost prostrated Mrs. Hawkins and she is reported as seriously sick.

NEWSPAPER HEADQUARTERS

Editor Pease, of Anoka, Will be in Charge of This Building at the Fair

Newspaper Headquarters building at the Minnesota State Fair this year will be in charge of Granville S. Pease, of the Anoka Union, one of the best known newspaper men in the state. The press headquarters at the Fair are in the Minnesota-St. Louis building—the building which was the state building at the world's fair at St. Louis and which was removed to the Fair grounds the following year. All newspaper men are made welcome and Mr. Pease will give the glad hand.

The high school book room will open Tuesday, August 27th for the sale of text books. Children should come early in order to avoid the usual rush on the first day of school. 66t4w

NO PERMIT FOR BRIDGE

The Fort Ripley Structure Across the Mississippi was not Authorized by Congress

The report of the proceedings of the recent session of the board of county commissioners for Morrison county showed that a communication from the war department of the United States concerning the bridge across the Mississippi river at Fort Ripley had been referred to the congressman from the Sixth district. The letter was as follows:

August 12, 1907.

County Commissioners,
Morrison County.
Little Falls, Minn.

Gentlemen:

The bridge across the Mississippi river at Fort Ripley having been built without authority of congress and without the approval of the secretary of war, is an illegal structure. It could probably be legalized by obtaining an act of congress and submitting plans in the usual way for the approval of the chief of engineers and the secretary of war.

It is recognized that this bridge is of great value to the community and that its removal would be detrimental, but unless the responsibility for the bridge can be fixed and the structure legalized, its removal will probably be ordered by the secretary of war.

I ask, therefore, that you give this matter serious consideration and take the necessary steps to have the bridge made a legal structure. Please advise promptly.

Very respectfull,
EDWARD H. SCHULZ,
Captain, Corps of Engineers.

This bridge was built by the town of Clough in 1904, although the county gave considerable money to aid the work. The bridge was rebuilt from the one formerly in use at Little Falls. It is claimed that the county has never accepted responsibility for the bridge, although it appropriates money to help maintain it. Some people of Clough claim it is a county structure.

Congress will be asked to pass a law legalizing its construction if the plans are satisfactory to the war department, as they doubtless will be.

The letter from the army officer indicates that the department will insist on knowing who is responsible for the care of the bridge. That may bring up some contention as one end of the bridge is in Crow Wing county, and another in Morrison county. The village of Fort Ripley is much concerned in its maintainance.—Little Falls Transcript.

Notice to Members of A. O. H.

The A. O. H. will meet at Columbian hall at 8 o'clock sharp on Friday morning, August 23rd, for the purpose of attending the funeral of our late brother, P. H. Hawkins, in a body. Members having uniforms wear them.

J. M. TAYLOR,
1t President.

Will Occupy New Store

I will move to the north store room in the new Reilly block next week. I have a large line of new fall goods which will be opened up when I get in my new quarters. Call and see my stock.

w1t M. J. REIS.

GET STATE CONTRACT

Slipp-Gruenhagen Company Landed Contract for Plumbing, Water and Sewer Connections

The Slipp-Gruenhagen company, of this city, has been awarded the contract for putting in the plumbing and the sewer and water lines in the two camping cottages being erected at the State Tuberculosis Sanitorium at Walker. A car of material for this work went up from here this morning and the work will be pushed with all speed. It is a good sized contract and the Slipp-Gruenhagen company is to be congratulated on securing it.

TEMPORARY INJUNCTION GRANTED

Judge McClenahan Grants Temporary Writ Against City in Steam Roller Case

ORDER PUBLISHED IN FULL

Memorandum of the Case is Quite Exhaustive and Will Appear in Tomorrow's Paper

Judge McClenahan has handed down an order in the case of C. O'Brien against the officials of the city of Brainerd in which Mr. O'Brien sought to restrain the city from purchasing the steam road roller contracted for this summer. The order grants a temporary injunction upon the filing of a bond by the plaintiff, the injunction being made effective pending a hearing of the case upon its merits. In the memorandum attached to the order, which memorandum will be published in full in the next issue of THE DISPATCH, Judge McClenahan deals quite fully with the questions of floating indebtedness. The order is as follows:

State of Minnesota, County of Crow Wing, District court, Fifteenth Judicial district.

Con O'Brien, plaintiff, vs. C. D. Johnson, F. A. Farrar, P. M. Zakariason, Felix Graham, P. G. Fogelstrom, Fred Drexler, Mermedas Turcotte, Timothy Toohey, H. H. Baker, and G. J. Bouck, as aldermen of the city of Brainerd, Minnesota, R. R. Wise, as mayor of said city of Brainerd, and Judd Wright as treasurer of said city of Brainerd, defendants.

The above entitled cause came duly on to be heard upon an order requiring the defendants to show cause why a temporary writ of injunction should not issue herein commanding them, and each of them, to refrain from purchasing a certain road-roller and engine mentioned and described in the complaint, and from consummating the contract of purchase thereof in said complaint set forth, and from paying for, or issuing any order in payment for said roller and engine, and from doing any other act with reference thereto as officers of the city of Brainerd, until the further order of this court; W. A. Fleming appearing for the plaintiff and A. D. Polk for the defendants; and the court having duly considered the matter so presented, and the pleadings and affidavit, and arguments of counsel, and being advised in the premises,

IT IS ORDERED, That, upon the filing of a bond by the plaintiff, approved by me, in the penal sum of $2,000.00 executed and conditioned as provided in section 4,261, R. L. 1905, a temporary writ of injunction issue commanding the defendants, and each of them, and all persons acting under them, or any of them, to refrain from purchasing that certain road roller and engine mentioned and described in the complaint, and from consummating the contract of purchase thereof in said complaint set forth, and from paying for, or issuing any order of the city of Brainerd in payment for said roller and engine, until the further order of the court.

Dated August 21st, 1907.

W. S. MCCLENAHAN,
District Judge.

Quick relief for Asthma Sufferers

Foley's Honey and Tar affords immediate relief to asthma sufferers in the worst stages and if taken in time will effect a cure. H. P. Dunn & Co. mwfdw

Site of Big Steel Plant.

Duluth, Aug. 22.—Deeds covering about 1,700 acres of land about Spirit lake on the St. Louis river site of the new steel plant of the United States Steel corporation were filed with the register of deeds of St. Louis county Wednesday. There are about sixty-five deeds and several satisfactions of mortgages.

WILL MOVE SOON

Brockway & Parker and M. J. Reis Will Occupy the New Reilly Building in a Few Days

Work on the shelving and painting of the store rooms in the Reilly building is being pushed rapidly these days. Brockway & Parker hope to get the room they they are to occupy ready so as to move Saturday night and Sunday, but may not be able to move until next week. Mr. Reis states that his room will not be ready quite so soon, but he will get moved in some time the fore part of next week if he has good luck. It will seem good to the boys to get back to their old stamping ground, though they will be in the opposite relative locations from what they had before. Brockway & Parker will occupy the south store room and Mr. Reis the north one.

MAY MAIL TELEGRAMS.

Not Illegal to Send Messages Through the Mail.

Buffalo, N. Y., Aug. 22.—It is not illegal to send telegrams through the mail, according to United States Attorney Lyman M. Bass. Efforts were made by striking telegraphers to bring the local managers of the Western Union and Postal Telegraph companies into court for receiving messages at the regular telegraph rates and sending them by mail. Mr. Bass says that there is no federal law to cover the complaint.

TWENTY YEARS AGO

The Brainerd sewer question is settled.

Prairie chickens have been flying high since Monday.

Weather Clerk Veon did not receive the report this morning and consequently we are having a rainy day.

The Northern Pacific paid off their employes in this city yesterday. The boys anxiously await the coming of the 18th of each month.

Al Kimball has the thanks of THE DISPATCH office for the largest water melon ever brought into Brainerd, which he deposited on our table yesterday. The melon weighed 36 pounds and was raised on his farm 29 miles north of here. "Cod" is a hustler in more ways than one.

Dr. Werner Hemstead started Wednesday evening for a ten days visit to the Yellowstone Park.

I. T. Dean and wife left for Wheeling, West Va., on Wednesday, where they will visit friends and relatives for four or five weeks, that being their former home.

Mr. and Mrs. J. H. Alderman, who have been visiting their children in this city during the past summer, left on their return to East Granby, Conn., yesterday. S. F. Alderman and wife accompanied them as far as La Crosse.

On Thursday morning Mr. and Mrs. Charles White, Mr. and Mrs. F. W. Wieland, Mrs. S. A. Gleason, Miss Maud Gleason and Mr. Frank White, of this city, and Miss Lottie Wills, of Osceola Mills, Wis., went to Gull lake to rusticate a few days at Mr. White's summer cottage.

John Bartlett, a cruiser in the employ of the Northern Pacific railroad company, who resides in East Brainerd, had quite an exciting time of it in the woods at the head of Little Pine river Friday. Mr. Bartlett was going through the woods when he espied a small cub bear near a small tree. Not having a gun with him, he thought it would be the right thing to catch the young fellow and he accordingly drove him up the tree and followed up after him. About the time he got half way up heard a noise behind him and looking around he saw the she-bear and another cub, the old bear making a bee line for the tree. About this time Mr. Bartlett became a trifle uneasy and made up his mind that the only thing that would save him would be to catch the young bear and throw it out of the tree and he did so, the infuriated mother being only six or eight feet from him when he dropped the little one, and she immediately scrambled down and ran with the little ones into the forest. Mr. Bartlett will not tree another bear unless he has a gun with him.

The Brainerd and St. Cloud firemen went on an excursion to Duluth, accompanied by the Brainerd band.

The articles of incorporation of the Brainerd Electric Light company appear in this issue. The incorporators are Wm. Seelye, J. C. Rosser and O. O. Havill, the articles being signed in the presence of F. B. Johnson and C. F. Kindred and acknowledged before S. G. Fernald, notary public.

The first sewer contract in Brainerd was let to T. M. Reilly for the following prices:

Earthwork, per cubic yard	$ 35
18-inch pipe per foot	1 00
12-inch pipe per foot	47
Flushtanks each	66 00
Manholes each	45 00
Lampholes each	10 00

A bid of $77 premium for the sewer bonds was rejected and a committee was appointed to negotiate their sale.

COME AND SEE!

Our Closing Out Sale

Will be the **Greatest Cut Price Sale** ever held in Brainerd or the northern part of the state. All former prices—all cost entirely lost sight of.

FOR VARIOUS REASONS

Suit Brought by Mrs. Eddy's Relatives Dropped.

OPPOSED ITS WITHDRAWAL

Counsel for Christian Science Leader Objected to Dismissal of Case, Fearing Attempt Might Be Made to Break Mrs. Eddy's Will.

Concord, N. H., Aug. 22.—A sudden though not wholly unexpected ending of the masters' hearing in connection with the suit in equity brought by relatives for an accounting of the property of Mrs. Mary Baker G. Eddy, leader of the Christian Science church, came in the superior courtroom here Wednesday when Former Senator William E. Chandler, senior counsel for the relatives, or "next friends," announced to the masters that he had filed a motion to dismiss the action.

The suit was brought on the ground that Mrs. Eddy, being incompetent on account of age and infirmities to manage her own affairs, was the victim of persons associated with her in Christian Science work, who were named as defendants in the equity suit.

The masters were appointed by the superior court to determine Mrs. Eddy's competency and hearings before them have been in progress for several days.

The reason for the petition for dismissal was the belief that success along the lines desired could not be obtained and the unprofitableness of any immediate result of a decision in favor of the next friends in the exact issue as now framed, compared with the burdens and disadvantages to be endured both before and after such a decision.

General Frank S. Streeter, counsel for Mrs. Eddy, objected to a dismissal of the case in view of the possibility that after Mrs. Eddy's death attempts might be made to break her will in which he intimated provisions had been made for carrying on the work in which she is interested. The masters decided, however, that they could not proceed in view of the filing of a motion with the court to dismiss the case and announced that they would so report.

The case now reverts to the supreme court on the question of dismissal. Judge Chamberlain, it is believed, will grant the motion.

Suit Brought by Her Son.

The suit just withdrawn was brought in the Merrimack county superior court on March 1, last, by George W. Glover of Lead, S. D., Mrs. Eddy's son, and his daughter, Mary Baker Glover, and other relatives of the Christian Science leader, as next friends, against Calvin A. Frye, secretary of Mrs. Eddy; Lewis Strang, assistant secretary; Herman Herring and Irving C. Tomlinson of Concord; Alfred Farlow, Ira C. Knapp and Joseph Armstrong of Boston; Stephen A. Chase of Fall River and Edward A. Kimball of Chicago, all prominent in Christian Science circles.

The plaintiffs asked for an accounting of Mrs. Eddy's property to determine whether she had been for some time past and was at present competent to manage her estate and whether a receiver should be appointed to take charge of her financial affairs for her benefit. Before the case came to a hearing Mrs. Eddy announced that she had placed all her property in the charge of three trustees.

Hearings in the case were held before Judge Robert N. Chamberlain of the superior court. A motion of the trustees that they be substituted for the next friends as plaintiffs in the suit was denied, as also were numerous other motions of counsel for both sides, including one that an allowance from Mrs. Eddy's estate be granted to counsel for the next friends to pay the costs of this suit. Finally Judge Chamberlain granted a motion of counsel for the next friends that a master be appointed to hold hearings for the purpose of determining the competency of Mrs. Eddy to manage her business affairs. Last week Judge Aldrich and his co-masters began their hearings, in the course of which they, together with leading counsel of both sides, paid a visit to Mrs. Eddy at her home at Pleasant View and asked her numerous questions regarding her business affairs.

STRIKE OF TELEGRAPHERS

No Important Developments In the East.

New York, Aug. 22.—There have been no important developments in the strike of the commercial telegraphers in the East. The strikers and telegraph companies claim to be satisfied with conditions. As far as the movement of press dispatches throughout the East is concerned, the strike has lost significance.

The messenger boys of the Western Union and Postal Telegraph companies met Wednesday night and took steps to organize a union. They are promised a charter from the American Federation of Labor. The boys were encouraged by officers of the telegraphers' union.

The telegraphers will attempt to organize the clerks employed by the companies and if they succeed will have all branches of employment by the companies represented in the ranks of organized labor.

A largely attended meeting of the strikers was held at which addresses were made by members of the union and by T. M. Pierson, vice president of the Order of Railway Telegraphers.

Four Victims of Storm.

Leon, Ia., Aug. 22.—Four victims was the toll claimed by the recent disastrous storm in this vicinity. The dead are Mrs. Clara Roberts and her three children. They were in their home when the house was struck by lightning. About twenty persons were injured.

One Killed and Fourteen Hurt.

Hagerstown, Ind., Aug. 22.—One man was killed and fourteen were injured on the Pennsylvania railroad near here when a local freight crashed into a work train.

Do You Open Your Mouth

Like a young bird and gulp down whatever food or medicine may be offered you? Or, do you want to know something of the composition and character of that which you take into your stomach whether as food or medicine?

Most intelligent and sensible people now-a-days insist on knowing what they employ whether as food or as medicine. Dr. Pierce believes they have a perfect right to *insist* upon such knowledge. So he publishes, broadcast and on each bottle-wrapper, what his medicines are made of and verifies it under oath. This he feels he can well afford to do because the more the ingredients of which his medicines are made are studied and understood the more will their superior curative virtues be appreciated.

For the cure of woman's peculiar weaknesses, irregularities and derangements, giving rise to frequent headaches, backache, dragging-down pain or distress in lower abdominal or pelvic region, accompanied, ofttimes, with a debilitating, pelvic, catarrhal drain and kindred symptoms of weakness, Dr. Pierce's Favorite Prescription is a most efficient remedy. It is equally effective in curing painful periods, in giving strength to nursing mothers and in preparing the system of the expectant mother for baby's coming, thus rendering childbirth safe and comparatively painless. The "Favorite Prescription" is a most potent, strengthening tonic to the general system and to the organs distinctly feminine in particular. It is also a soothing and invigorating nervine and cures nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea or St. Vitus's dance, and other distressing nervous symptoms attendant upon functional and organic diseases of the distinctly feminine organs.

A host of medical authorities of all the several schools of practice, recommend each of the several ingredients of which "Favorite Prescription" is made for the cure of the diseases for which it is claimed to be a cure. You may read what they say *for yourself* by sending a postal card request for a *free* booklet of extracts from the leading authorities, to Dr. R. V. Pierce, Invalids' Hotel and Surgical Institute, Buffalo, N. Y., and it will come to you by return post.

GREAT INTEREST IN PARIS

Taken in Speeches Made by Roosevelt and Taft.

Paris, Aug. 22.—Great interest is taken here in the speeches delivered by President Roosevelt at Provincetown and by Secretary Taft at Columbus, O. The newspapers print extensive extracts from both speeches.

The Journal Des Bats, after sketching the powerful corporations the president is fighting, expresses fear that his methods are dangerous, saying:

"The roll of the arch-angel killin the financial dragon presents dangers which a man less wedded to his purpose would perceive. The president already has contributed largely to the depression from which the New York Stock Exchange is suffering. Capital is hypersensitive and may be dangerously paralyzed by the most virtuous intentions. The president's policy of central control runs the risk of substituting for the pluracy a demagogue solization. President Roosevelt, who above everything, is an honest man, has, perhaps, failed to realize what prey he is throwing at the feet of less disinterested politicians. The leveling idea from which he does not shrink may impregnate the American masses, who with the foreign influx are rapidly losing their old liberal American spirit. An evil like the trust evil should be handled skilfully so as not to ruin the country. In following President Roosevelt's attack on the trusts it is impossible not to fear that he may overshoot the mark and justify those who regard the president as the John the Baptist of American demagogism. It already can be foreseen that the politicians will surpass his honest intentions and Republicans and Democrats alike will now consider it to be their duty to assail the trusts during the coming presidential campaign."

Accident at The Hague.

The Hague, Aug. 22.—The cupola on the site of the Carnegie peace palace, which was erected over the platform upon which the signers stood when the foundation stone was laid July 30, collapsed Wednesday owing to the snapping of a cable. One workman was killed and four were injured.

Highball Beats Sonoma Girl.

Readville, Mass., Aug. 22.—Highball with the master reinsman Ed Geers on the sulky evened the score with Sonoma Girl at the grand circuit meeting by winning rather handily the Massachusetts stakes, valued at $9,000. Both trotters entered the race very lame.

The Limit of Life

The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this decade cannot be too strongly urged; carelessness then being fatal to longevity. Nature's best helper after 50 is Electric Bitters, the scientific tonic medicine that revitalizes every other organ of the body. Guaranteed by H. P. Dunn & Co., druggists. 50c. ttsew

IN CENTRAL AMERICA.

Conflicting Reports of Renewed Outbreaks Reach Washington.

Washington, Aug. 22.—Conflicting reports, largely unofficial, continue to reach here of renewed outbreaks in Central America. According to reports from naval officers the situation appears quiet. But there is an undercurrent of instability attributed mainly to the possibility of a renewed attack by Nicaragua on Salvador. While the reports are discredited here, the opinion of those who have been on the ground is that the relations between the two countries are still grave. Salvador is smarting under the action of the Nicaraguans in sending an expedition against it several months ago when the Monotombo landed an expedition at Acajutla that did more or less damage. Directions will be given to commanders of American vessels to report promtly any unusual happenings and to safeguard American interests. The cruiser Milwaukee and the gunboat Yorktown are in Central American waters on the Pacific side and the Dubuque is on the Atlantic.

"Everybody Should Know"

says C. G. Hays, a prominent business man, of Bluff, Mo., that Bucklen's Arnica Salve is the quickest and surest healing salve ever applied to a sore, burn or wound, or to a case of piles. I've used it and know what I'm talking about." Guaranteed by H. P. Dunn & Co. druggist, 25c. ttsdw

WILL BE DECLARED OFF.

Strike of San Francisco Carmen Soon to Be Ended.

San Francisco, Aug. 22.—The Post says the street car strike will be declared off by the general strike committee soon. The ways and means committee of the strikers has arranged this with representatives of the United Railways. The carmen will return to work as individuals. No questions relative to membership in the union will be asked. All differences pertaining to wages and hours will be arbitrated. The settlement gives 35,000 members of building trades unions and their families permission to ride on the cars despite any action the carmen's union may take. President Cornelius of the Carmen's union says national officers will maintain that the strike is still on and confusion is expected.

"Regular as the Sun"

is an expression as old as the race. No doubt the rising and setting of the sun is the most regular performance in the universe, unless it is the action of the liver and bowels when regulated with Dr. King's New Life Pills. Guaranteed by H. P. Dunn & Co., druggist, 25c. tsdwt

Secretary Taft in Kentucky.

Lexington, Ky., Aug. 22.—Secretary Taft has arrived at Elmendorf and is being entertained by Former Postmaster C. H. Berryman. He will open the Republican campaign here. The secretary was cheered at each station between Cincinnati and Lexington. He made a brief address at Paris.

THREE MEN KILLED.

Explosion Occurs in a Powder Mill In Wisconsin.

Racine, Wis., Aug. 22.—Three men were killed in an explosion at the Laflin & Rand powder mill at Pleasant Prairie, Kenosha county. The dead are. Norman Philips, John Nolan and Walter Harren.

An explosion in the same mill a few months ago killed nine persons.

Aged Woman Missing.

La Crosse, Wis., Aug. 22.—Starting from her home in Ivanhoe, Minn., on July 13 to visit her daughter, Miss Stanley Onczarzak, at Savannah, Wis., Mrs. Mary Onczarzak, mother of Mrs. Henry Dittman of Lake Benton, Minn., has never since been seen nor heard from and relatives have instituted search for the aged woman. Mrs. Onczarzak left her home unaccompanied, on a Northwestern train, and was to change here to the Burlington to reach her destination. She is described as seventy years old and feeble.
